Futurity and Derby Awards: In the event that there is a Co-Champion in a Futurity or Derby, the prize money will be combined and then split equally between the Co-Champions. Prizes are divided. Winner of the coin flip will pick the prize of their choice and then the other exhibitor will pick until the prizes have been distributed.

High-Point Award will be given to the highest placing entry in both slates of NRHA classes:

- Horse/Rider combination must enter and show in both NRHA Ancillary slates.
- Horse/Rider combination must receive a score in both NRHA Ancillary slates.
- Both slates must have a minimum of 8 entries per class to qualify.
- The NRHA Youth point system is used to calculate the points for high point awards.
- The placings will be given point values with 10 being the maximum for 1st place to produce a winner.
- Horse/Rider's points from both of the two slates will be added to determine their total points. Highest point earner over the two slates in that class will be awarded High Point Champion.
- Ties in individual class will have their points added together and divided by the number of exhibitors tied. For example: second, third and fourth tie with their score, 8, 7 and 6 points are added together. The total of 21 is then divided by three which results in 7 points. All three tied exhibitors would be awarded 7 points each. The minimum number of points awarded is 1. If there is a tie for ninth and tenth place, both exhibitors would receive 1 point each.
- Ties for High Point. The highest combination of the total scores of both classes will be High Point Champion. If that produces another tie, the exhibitors will be named Co-Champions and the prize will be given to the exhibitor that wins the coin toss.
